### U.S. Flag May Have 49th Star By 4th Of July

WASHINGTON (P)-The Senate enters a second week of debate on Alaskan statehood today with prospects of a vote by midweek to add the first star to the national flag since 1912.

With the Senate meeting early, there was hope for a vote during the day on a constitutional point of order raised against the bill by Sen. James O. Eastland (D-Miss).

Backers of the House-passed bill, heartened by two test vote victories, were confident the admission measure would be on its way to the White House not later than Wednesday. They forecast passage by a 2-1 Senate

margin. Delegate E. L. (Bob) Bartlett (D-Alaska), said he would not be surprised to find 70 senators lining up for the bill on final roll call. Similar forecasts were made

during the weekend by Senate backers of the bill which would authorize the first new state since New Mexico and Arizona joined the Union. There was some indication

that the active opposition, centered largely among Southern senators, might seek to stall the final vote until later in the week.

WASHINGTON (P-The Senate enters a second week of debate on Alaskan statehood today with prospects of a vote by midweek to add the first star to the national flag since 1912.

With the Senate meeting early, there was hope for a vote during the day on a constitutional point of order raised against the bill by Sen. James O. Eastland (D-Miss). Backers of the House-passed

bill, heartened by two test vote victories, were confident the admission measure would be on its way to the White House not later than Wednesday. They forecast passage by a 2-1 Senate margin. Delegate E. L. (Bob) Bartlett

(D-Alaska), said he would not

be surprised to find 70 senators

lining up for the bill on final roll call. Similar forecasts were made during the weekend by Senate backers of the bill which would authorize the first new state since New Mexico and Arizona

joined the Union. There was some indication that the active opposition, centered largely among Southern senators, might seek to stall the

final vote until later in the week.

### Fourth Of July **Traffic Deaths** May Set Record

CHICAGO (#) - The National Safety Council today estimated 410 Americans may be killed in traffic accidents during the Fourth of July weekend.

If the toll goes that high, it will set a new record for a threeday observance of Independence Day. The high mark is 407, set

The council also said there could be 12,000 disabling inturies during the 78-hour period-from 6 p. m. Thursday, July 3, to midnight Sunday, July 6.

It estimated 45 million cars will run up a total of 12 billion miles during the holiday period.

While predicting a heavy toll, the council stated: "But it doesn't have to be that way. A sure-fire antidote for extra holiday danger is extra holiday care -and it's available without cost to every driver."

Here is his theory of why anyone ever became a comedian:

'Somewhere along the way he did something different, and somebody laughed. Then he learned that he could defend himself in a situation by being funny, instead of having to fight his way out. Once he discovered this, he knew what his life work had to be.

After a number of years in radio, Johnny went to the West Coast and wrote comedy material for Red Skelton. He got his first big network break when he substituted for Skelton after the latter injured himself during a rehearsal scene

Murrow Says Business 'Fears' Bold Ideas

NEW YORK -If Ed Murrow were just now starting in television, he'd be unlikely to find a network willing to take on a show

Who says this? Ed Murrow.

"The industry today has a great fear of experiment, of controversy and, of course, great expense,' he says. "The cost of failure is greater than ever and today television is much more conservative than it was in its youth.

"Today a new idea, a bold idea, would have to be fought through five echelons of a big corporation. The industry suffers from a rigid pattern. ### High Speed Construction—

New super-highways and higher powered cars make it possible to travel long distances at higher sustained speeds than ever before. GIANT ROAD-MASTERS are engineered with more "TIRE POWER" to meet these requirements.

### Safety For Emergencies—

1958 Safe-Flex cord of Shockguard "SUPER" Rayon construction used in Roadmasters actually grows stronger as tires run hotter and hotter at

### Doubles Government Standards—

Do not confuse DeLuxe Roadmasters with ordinary tires! By actual test, MORE than 2 TIMES stronger, safer, than required by U.S. government standards for ordinary tires.

GIANT ROADWAS

### High Speed Construction—

New super-highways and higher powered cars make it possible to travel long distances at higher sustained speeds than ever before. GIANT ROAD-MASTERS are engineered with more "TIRE POWER" to meet these requirements.

### Safety For Emergencies—

1958 Safe-Flex cord of Shockguard "SUPER" Rayon construction used in Roadmasters actually grows stronger as tires run hotter and hotter at high road speeds.

#### Doubles Government Standards—

Do not confuse DeLuxe Roadmasters with ordinary tires! By actual test, MORE than 2 TIMES stronger, safer, than required by U.S. government standards for ordinary tires.

### Redlegs Need 27 Extra Holes Shot In Arm

MILWAUKEE (A) - Cincinnati Redleg brass figure they got a bargain in big Don Newcombe, the quired to give Redleg pitching a

shot in the arm. But now the team needs a shot in the hitting arm.

Newcombe tried his best to scatter 10 hits Sunday, but he got no support at the plate. San Francisco's Giants shut out the Rhine-Columbus Traffic Court; landers, 2-0, at Cincinnati. Newcombe's teammates contributed only four singles.

> The Giants' first marker came in the third inning starting with and Daryl Spencer doubled in the pitch, opposing Warren Spahn.
